Please be advised that all materials disclosed to you in this cause are subject to all terms and conditions of the Protective Order (ECF Nos. 176 and 252). You hereby affirm that **no copies shall be disseminated** to any person without the expressed written approval of the United States Attorney's Office and/or Court order. This agreement is not intended to prevent you from discussing the discovery materials with your client or providing materials to your client, but it is incumbent on you and your client to ensure that any discovery materials are used solely for the purpose of your client's defense and that sensitive information or other materials are not left in your client's possession or are redacted as necessary.

At this time, the United States anticipates additional discovery materials will be provided as they are received and processed by the U.S. Attorney's Office. Additional discovery material is likely to include, but may not be limited to, grand jury transcripts, electronically stored information (ESI) (e.g., digital forensic copies of electronic devices), video surveillance (i.e., pole cam footage), law enforcement reports, and other documents (including but not necessarily limited to any Giglio / Henthorn material) that may be relevant to this matter.

Numerous electronic devices were seized by the FBI pursuant to the search warrants executed during the investigation. Each device seized is identified in the search warrant returns. The FBI imaged most, but not all of the devices. If you would like copies of all electronic devices that the FBI seized and was able to image, please send an external hard drive containing at least 14 TBs of storage capacity directly to FBI Special Agent Matthew McKay, at the FBI Office, Suite 199, 825 Jadwin Avenue, Richland, Washington, 99352. Special Agent McKay will then send your external hard drive to the FBI CART Unit in Seattle, Washington, to process the seized and imaged ESI on to your hard drive. If you do not want all the ESI but only a copy of the ESI that may have been seized from your client (Note: ESI was not seized from every named defendant) or a particular co-defendant(s), please let us know. As a further note, ESI the FBI seized from
